

DID YOU KNOW..?

SUBJECT: PRACTICE ADVICE PROGRAM

DATED July 2012

One of the College's priority programs is "Practice Advice". CASLPO receives over 100 calls and emails per month from members with questions regarding the application of legislation, regulations and practice standards in their own practice environment. CASLPO devotes significant resources to this program because we believe that supporting members so that they may provide quality practice is in the best interest of the public.

We encourage you to contact our staff with any questions regarding your practice environment and the application of practice standards. You will receive relevant information, guidance and support.

We can be reached at caslpo@caslpo.com, 416-975-5347 or 1-800-993-9459.
